Judge John G. Koeltl Courtroom 14A 500 Pearl Street New York, New York 10007

Re: United States of America v. Michael Jones; Case No. 1:18-cr-662-JGK;

Victim Letter re Sentencing.

Dear Judge Koeltl,

Thank you for taking the time to read my recollections about a beautiful soul who was taken from friends and family all too early.

Diana Haikova (Arnott) was a wonderful, full of life young woman. My wife and I have known her and her mother since she was

about 8 years old. Her passing at 29 is just so hard to believe and the world is really a much poorer place without her infectious smile, laughter and kindness.

To know her was to love her. Her family is as warm and gracious as you will ever know and this tragedy has left a hole in their hearts and in the hearts of all who knew her.

Just to be around her would make you smile. My wife giving her cooking lessons comes to mind as I remember the smell of pasta wafting from the kitchen

as Diana and my wife were making dinner for the family. It is just so hard to believe Diana is gone.

I am at a loss after learning details of the trial about how it is possible that Mr. Jones could be released with what I consider a slap on the wrist? What has

our judicial system become if there are no real consequences for his actions that has caused this unspeakable tragedy?

Mr. Jones being unleashed on the public to continue dealing in these terrible and very deadly drugs will surely add to the long list of bodies

piling up as dealers continue to give an unsuspecting party what may seem like something much less powerful than it really is.

I have never done drugs, and now at 68 I am sure I will never be tempted to start, but I feel for the youth who sometimes through foolishness rely on the word of a pusher

that, "give this a try it won't kill you", will end up taking the life of a loved one close to me or maybe even to you.

My good friends Rob and Marina deserve to know that justice is fair in this case. They need to feel the system worked to get some closure. Please do the right thing and get the

dealer off the street so others will not end up in the same position, lying flat on their back in the morgue.

Regards, Darryl Schaeffer
